INTEGRATED SYSTEM WITH DAY TANK AND SCALE

- FULL FEATURED CHEMICAL METERING SYSTEM WITH ELECTRONIC METERING PUMP.
- SAFETY SPRAY SHIELDS FOR PROTECTION AGAINST HARSH CHEMICALS.
- DAY TANK SCALE FOR REPORTING WITH CHOICE OF INDICATORS.
- 20 GALLON DOUBLE-WALL DAY TANK

THE DIFFERENCE IS IN THE DETAILS!

IS system with full featured electronic scale indicator and electronic metering pump.

BLUE PLANET ENVIRONMENTAL SYSTEMS, INC. is the industry leader in packaged chemical feed systems. With a wide selection of standard configurations, rapid development of custom systems, and plenty of options and accessories to choose from: **there simply is no equal!**

Our Integrated System has been designed to include all of the components required for stand alone chemical delivery and management in a compact piece of unitary construction.

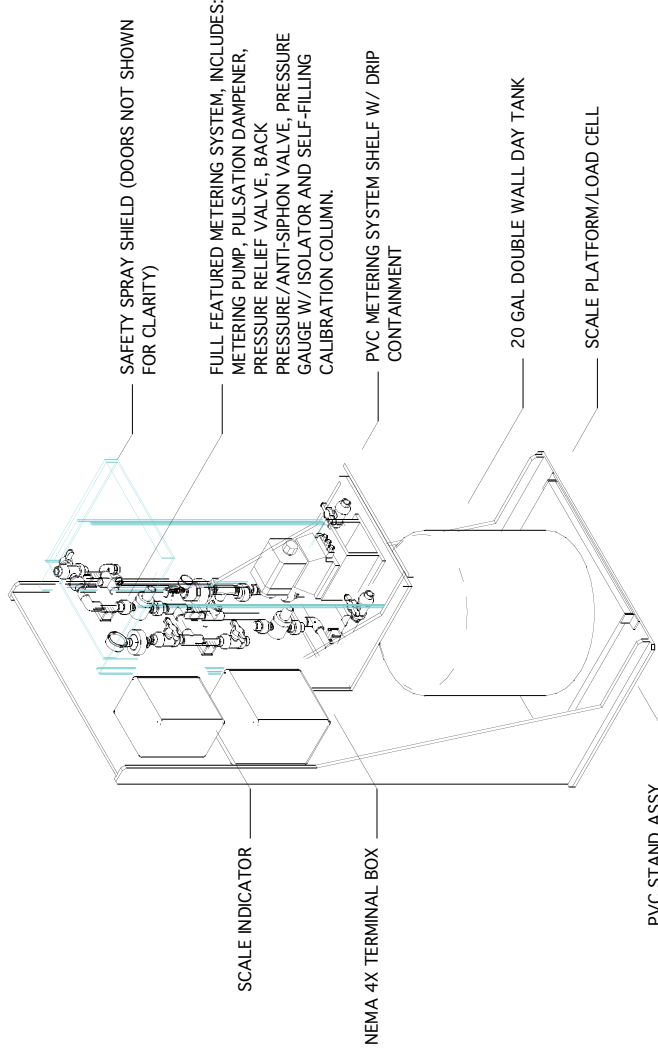

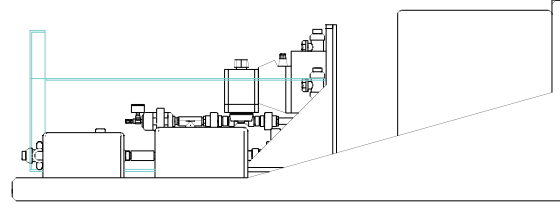

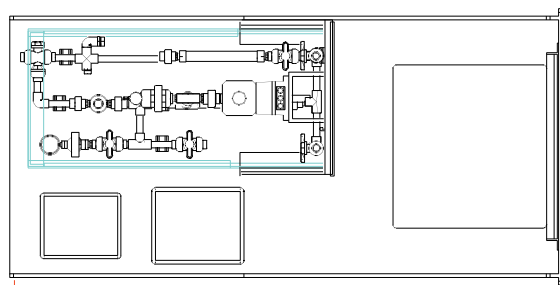

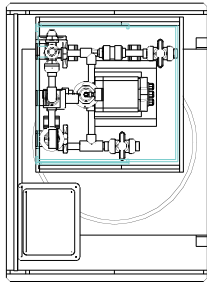

At the heart of the system is our time proven full featured chemical metering system. This system includes all of the chemical metering accessories required to provide safe, reliable operation and also includes the tools required to verify proper operation of the system. We have even included standard flushing inlets and outlets so the system can be evacuated of chemical and flushed prior to disassembly for service or inspection.

The 20-gallon day tank is double walled for maximum safety and the scale is offered with a range of indicators to suit application and budget requirements. From simple hydraulic

indicators for local display only to full featured electronic indicators with outputs/alarms for remote monitoring and manual/automatic controls for refilling of the day tank, the choice is yours.

Our Integrated System offers a minimal footprint, simplified installation and easy commissioning.

Give us a call to discuss your requirements and see for yourself how easy and affordable a high-quality engineered solution can be to purchase and operate.
